Physics Teacher for IIT | NEET | Online | Classroom | Salary Rs. 40- 50 K

Description

Position Title Physics Teacher for IIT | NEET

Description Role Details & Visible Job Description

- **Position:** PGT / TGT Physics Teacher
- **Platform/Institution:** Eduka Education (study.eduka.co.in)
- **Core Responsibilities:** Delivering high-quality Physics lectures (Mechanics, Thermodynamics, Electromagnetism, Optics, Modern Physics), preparing students for board exams and competitive tests (IIT-JEE/NEET), creating digital learning resources, and managing virtual or smart-classroom setups.
- **Required Qualifications:** B.Ed, Post Graduation in Physics (M.Sc), or clearing state/national eligibility criteria (CTET/UPPET).

Responsibilities

- Design and execute structured lesson plans targeting both fundamental concepts for board exams and advanced problem-solving techniques for IIT-JEE and NEET.
- Conduct regular test series, evaluate performance, and provide targeted feedback to bridge learning gaps in physics concepts.
- Curate high-quality digital content, assignments, and mock test papers specifically designed for online and smart-classroom engagement.

Qualifications

- B.Sc. (Physics/Applied Physics)
- M.Sc. (Physics/Applied Physics)
